

IMS Policy

At Newen Systems, we create positive impact by helping our global customers achieve sustainability goals. Our products, services and solutions exceed global quality standards and comply with international standards like IEC, UL, CE and CSA. We aim to be the most trusted catalyst in delivering New Energy products and solutions for global impact.

Aligned with our core business, we are committed towards health, safety and well-being of our employees, contractors, visitors, customers and ecosystem of communities within which we operate. Our commitment towards safe and equitable work environment is intrinsic to our sustainable growth. This means our business operations are driven by:

- ❖ Delivering customer recognized value through data driven solutions
- ❖ Adopting new technologies for innovative products and solutions
- ❖ Delighting our customers through defined internal processes, compliances and systems thinking
- ❖ Delivering commitment in time - every time with sustainable approach
- ❖ Nurturing Intrapreneurial spirit and talent

We measure positive impact of our business by means of:

- ❖ Customer positive impact - MW installed
- ❖ Investor value addition - Positive value of our strategy and operations
- ❖ Smiles that we create - Employees, vendor, contractors and society
- ❖ Geographical spread

Newen Systems Pvt. Ltd. is committed to fostering a safe, healthy, and sustainable work environment while minimizing environmental impact. We encourage all employees and stakeholders to actively support our Integrated Management System (IMS) objectives and adhere to this policy. Our IMS aligns with the standards of ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018, ensuring continuous improvement in quality, environmental performance, and occupational health and safety throughout our operations.
